Your love and support will help Luluk to receive the assistance he needs to develop his potential. Please pray for him.

**PROJECT:** Anugerah Student Center  
**LOCATION:** In central Kudus

Project: IO-958, Anugerah Student Centre

Location: Kudus, Indonesia

Luluk lives on the plains of Kudus, home to approximately 778,000 residents. Typical houses are constructed of cement or tile floors, cement or wood walls and tile roofs. The primary ethnic group is Javanese and the most commonly spoken language is Java.

The regional diet consists of rice. A common health problem in this area is dengue fever. Most adults in Kudus are employed as factory workers and earn the equivalent of £45 per month. This community needs employment opportunities and tuition assistance.

Your sponsorship allows the staff of Anugerah Student Centre to provide Luluk with Bible studies, vitamins, health screening, sports, field trips, community service opportunities, scholastic materials, tutoring and vocational training activities. The centre staff will also provide seminars on health and family development for the parents or guardians of Luluk.
