

St. Edward's is proud to have received a Silver Award for all that has been achieved to become more environmentally friendly, we are also a Fair Trade church.

Please help us in our vision by taking this into consideration when planning your event. Use compostable plates, cups and cutlery, or even eco-friendly glitter! Take the time to sort your rubbish into recycling and general waste. There are signs near the bins informing users of what can be recycled and all 'stretchy' plastics, such as carrier bags, food bags and cling film, can be taken to the carrier bag recycling bin at Sainsburys, Marsh Mills.

**THANKYOU FOR YOUR CO-OPERATION  
*TOGETHER WE CAN MAKE A DIFFERENCE!***
