Only Joking!

A lawyer named Strange died and his friend asked the monumental mason to inscribe on his headstone, "Here lies Strange, an honest man and a lawyer." The mason insisted that such an inscription would be confusing, for passers-by would tend to think that three men were buried under the stone. However, he suggested an alternative: He would engrave, "Here lies a

man who was both honest and a lawyer." That way, whenever anyone walked by the headstone and read it, they would be certain to remark, "That's Strange!"
